Artist Profile:

Maria Velazquez

Maria De Lourdes Ledesma Velázquez is an artist originally from Mexico who works in different media, but specializes in oil painting with a palette knife. After returning home from a Rotary Exchange in Comox, Maria decided to devote her life to painting.

Maria studied graphic art design, painting and became a certified BOB ROSS instructor in landscapes and floral painting. In Mexico, not only did Maria have many exhibitions in a variety of Mexican states, she also had her own gallery in Veracruz, Mexico for several years where she exhibited her own (as well as her student's) art work. Many of Maria's paintings are displayed in offices, hotels and private houses throughout Mexico, the USA, and Canada. Maria has lived in Vancouver for 10 years and is now living with her husband, Rick and their wonderful little daughter, Michelle.
